Hi Doctor Uma,

I would like to 'THANK YOU' whole heartedly for the treatment that you have offered me. Thanks for being there!!

Things I found really worth appreciating are

→ Normal and C-sec delivery charges are same! I have never seen such a policy anywhere else. With this, you have discriminated bias towards C-sec delivery.

→ Staff members are caring (especially Maushi staff) are really caring and serving the patient diligently.

→ Your response to the every question I asked was satisfying. Thanks for being patient while answering my queries.

Thanks for being there??

* I delivered two kids normally that's the biggest gift you gave me.

Bharati Hare.
